The help was great when I had any questions
I never met or saw the TA so don't feel I can confidently assess them.
routine announcements
I didnt anything from the TAs in this course at all, I honestly was not even aware we had any so I don't feel like I am able to comment on their abilities because I didnt even see them in class and they never were helping with lecture.

I did not utilize Valerie's office hours, so I do not have any feedback.

The TA's were great for when students had questions. It was nice knowing they were there for extra help.

N/A- I did not visit office hours.

offering a Zoom link for the class in case students can't make it

I would recommend having the TAs more involved in class

none

TA introductions early in the course would be nice so we can put a name to face.

I wouldn't make a change

Be more present in class so students know who you are and feel comfortable chatting about the class when they need help

create more interactive lectures

N/A- I did not visit office hours.

The rubrics really helped me on the exams

I don't really think this course needs a TA. They didn't do anything.
